

Join ETHEA and DeRoyal for an exciting networking event!

Date: Wednesday September 27th

Time: 5:30pm EDT

Location: 2341 W. Beaver Creek Rd. Powell, TN 37849

Light refreshments will be provided.

A guided tour will consist of 2 facilities:

- DePre, where you will witness a one-of-a-kind automated isolation gown assembly machine. This highly innovative machine will change the industry with its ability to produce 25 million gowns annually. This division is a joint venture between DeRoyal, Premier, and S2S Global.
- Royal Precision Plastics, which utilizes injection molding technology to produce suction cannisters and basins, bowls and trays for custom medical procedural packs.

Both facilities operate 24/7.

Our sponsor:

DeRoyal Industries is committed to improve the clinical quality and economic health of its customers.
